Published online: 24 April 2024

Following the publication of the original article [1], the authors identified that the number of years of psychological distress was incorrect. The sentence under the Results heading in the Abstract has been corrected.

The incorrect sentence is: WASI predicted psychological distress at year one, but not at year five.

The correct sentence is: WASI predicted psychological distress at year five, but not at year one.

The original article [1] has been corrected.
